

## H3COVERT™ SIREN

### HAND-HELD CONTROLLER SIREN SYSTEM

The compact design of the H3COVERT™ is a simple and cost-effective solution for undercover units and unmarked vehicles, providing exceptional value and unrivaled dependability. The remote compact siren produces 100-watts of power with exceptional clarity. First responders have complete control over the siren, lights, and public address microphone via a handheld controller. The H3COVERT siren has an instant-on function, adjustable amplifier mounting, short-circuit protection, and a remote switch panel. Tones include wail, yelp, hi-lo, hyper-yelp, hyper-lo, whoop, and air horn.
