

MINIBARS

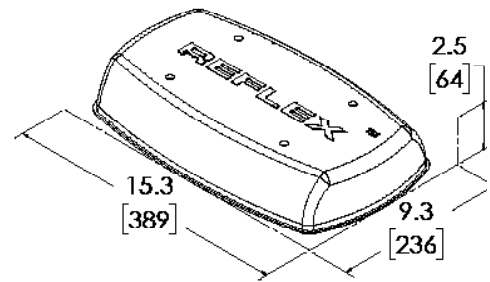

excluding split, C & G

permanent mount only

5590 Reflex® SAE Class I LED, 15"

The 5590 Series 15" LED minibar features an innovative design combining Reflective and ICE Optic LED modules to provide superior 360° warning. The ICE Optic modules produce an intense and focused beam to the front and rear of the vehicle while the Reflective modules ensure optimum 360° coverage by producing a dispersed, wide-angle beam to the sides and corners. Users can select from 35 flash patterns (single-color) or 91 flash patterns (dual-color), either via trigger wire on permanent mount models or cigarette plug switch on magnetic models, making it ideal for work trucks, snowplows, or any other vehicle application. Permanent mount models can also be synchronized to operate multiple lights alternately or simultaneously.

Models

PART NO.	MOUNT	LENS COLOR	LED COLOR
5590A	4 Bolt, MG, VM or HBT	■ A	■ A
5590CA	4 Bolt, MG, VM or HBT	□ C	■ A
5590CXX	4 Bolt, MG, VM or HBT	□ C	■ AB ■ AC ■ AG ■ AR ■ RB

Replace "X" with A = Amber, B = Blue, C = Clear, G = Green, R = Red
 Add "-MG" mounting extension to end of model for magnet mount
 Add "-VM" mounting extension to end of model for vacuum-magnet mount

Design Features

- 12-48 VDC, 6.6 Amps
- Combines Reflective and ICE Optic LED modules to optimize focused front/rear warning and wide-angle side warning
- Improved EMC emissions
- 35 flash patterns (single-color) or 91 flash patterns (dual-color)
- Cigarette plug with on/off and flash pattern selection switch (vacuum-magnet & magnet only)
- Temperature Range: -22°F to +122°F (-30°C to +50°C)

Accessories / Replacements

- Domes: Amber - R5590LA
Clear - R5590LC
- Mounting Feet: EZ5500BKT
